OBJECT OF THE GAME:

Put your survival skills to the test — find out how to assemble your spear the fastest and score the most points by catching the most fish. Who'll save the day and become the one and only Survival Skillz Champ?

PACK INCLUDES:

- 15 Fish cards
- 4x unassembled Spears, each with:
 - 1 Feather
 - 1 Rod
 - 1 Elastic cord
 - 1 Handle
 - 1 Suction cup piece

GETTING STARTED:

Lay out all the components of the spear set beside each other on the floor.

To prepare the spears:

1. Push the elastic cord through the opening of the suction cup piece and fasten it with a double knot.
2. Repeat the same action for the handle.

Even survival campers need help sometimes – these two steps may require the assistance of an adult!

Spread all the fish cards on the floor with the fish facing up.

SET UP:

Assembling the spear:

3. Stick the feather into the rod opening and twist to lock it into place.
4. Push the handle up the rod towards the feather end with the thicker end facing downwards.
5. Pull the suction cup piece downwards and attach it to the rod. Give it a twist to lock it in place.
6. Move the handle to the middle of the spear.

As soon as the spear is assembled, the players can start catching fish using the suction cup.

HOW TO PLAY:

Catch the fish cards by pressing them with the suction cup at the end of the spear (A).

HOW TO WIN:

When all the fish cards have been collected, the players check how much their haul is worth by adding up the points on their cards.

- Big cards = 1 point
- Medium-sized cards = 2 points
- Small cards = 3 points

The player with the biggest catch of the day wins and becomes the **Survival Skillz Champ.**
